Philadelphia, PA 19103

Dear Raynes McCarty,

March 12th marks a sad day in Newfoundland and Labrador's history, one of profound tragedy that shook our small province and changed countless lives forever. While no one can bring back the precious lives lost or alleviate the impact on the families and loved ones of the victims, Raynes McCarty helped to ensure that justice was served and provided the families of the victims with necessary closure to move forward with their lives.

On behalf of all Newfoundlanders and Labradorians, I express our sincerest gratitude and appreciation to the entire team of Raynes McCarty for their exceptional work on the Sikorsky case. Your team provided an outstanding level of efficiency and legal expertise, leaving a lasting impression on the legal community in our province. Many of our local lawyers continue to praise your brilliant legal work on the Sikorsky case and refer to Raynes McCarty with the utmost regard.

Working on behalf of the families of the victims has created a lasting bond between strangers that will never be forgotten. Friendships have been formed as people from two very different jurisdictions united to seek justice and work on this important case in our province's history.

I would like to personally thank Mr. Martin Brigham for his exceptional leadership on this case. Indeed an honorary Newfoundlander and Labradorian, Mr. Brigham rose to the challenge and helped deliver important closure to the lives of people who have lost so much.

The entire province of Newfoundland and Labrador is extremely grateful and forever thankful for your hard work and dedication.

Sincerely,

A handwritten signature in blue ink that reads "Danny Williams".

DANNY WILLIAMS, Q.C.
