

HONORING Amber Racine

As many in the legal community are aware, Raynes Lawn Hehmeyer suffered the unimaginable, tragic loss of our dear colleague, friend and family member, **Amber Racine**. She was a rising star, a brilliant trailblazer, a servant leader in our legal community and beyond. Her accomplishments were dazzling, and her potential was unlimited. But she was so much more than that to us, her family at RLH. She was our sister, our friend, our confidant. Though one of the younger members of our firm, she brought a wisdom far beyond her years. She was direct yet diplomatic, she was professional yet passionate, she was dignified yet zealous, she was brilliant yet compassionate. She had a smile that lit up the room, and a heart that reached every corner of our office. We often had to share Amber with our legal community and beyond, but she always came “home” to us, her work family. We were so blessed to have her as part of our family, though it was far too brief. We will try to honor her legacy, her spirit, her generosity, her compassion, and her advocacy each day going forward.

MESSAGE FROM THE FIRM

Raynes Lawn Hehmeyer has been dedicated for over 50 years to securing record personal injury recoveries for our clients while being guided by a sensitivity to confidentiality. If you or a loved one has been seriously injured due to the negligence of another person or company, please call us today at **215-568-6190**.

Despite a full year of pandemic restrictions, the firm remains committed to the dedicated representation of our clients. Most recently we have begun investigations and claims on behalf of:

- the families of six military members who lost their lives in a helicopter crash;
- the family of a man killed in a trucking accident in Maryland;
- a woman who suffered a hypoxic brain injury during a minor GYN surgery; and
- clients injured by medical negligence and workplace accidents.

When jury trials resume, we will be in court fighting for:

- the husband and young daughter of a woman killed by a freight train at an unsafe railroad crossing;
- a young man who lost part of his leg in a forklift accident at his workplace;
- a child who lost the use of her arm from a nerve injury during her delivery; and
- the family of a young woman who suffered bleeding in her brain and died from the improper administration of blood thinning drugs at a local hospital.

The firm prides itself on relentlessly representing these clients and all of our clients with dignity and respect.

CONGRATULATIONS

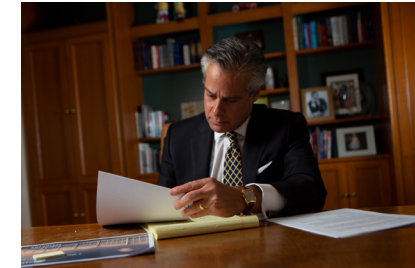

BERNIE SMALLEY named *President of the Board of Directors of City Trusts*. Bernie has been named the first black President of the Board which administers charitable trusts for the City of Philadelphia, including for Girard College, Wills Eye Hospital and over 100 additional trusts designed to support thousands of Philadelphians in need. "Bernie is a tremendous and dedicated leader and we could not be more proud that he has been selected for this esteemed and trusted position" said Stephen E. Raynes.
